Architectural Review committee requests will be reviewed as soon as possible. Requests will be approved, denied, or returned for additional information after review. Approval process may require up to 30 days after receipt of all required information is in the management company's office. Approval of the DRC relates only to the conformity of plan and specification to general architectural and landscaping plans for the area. Such plans, drawings, and specification are not approved for engineering design or architectural competence. Acceptance of this request does not alleviate the homeowners' responsibility to abide by the county requirements. It is the sole responsibility of the homeowner to ensure that those provisions are met.

If you have any questions, please contact management.
